

Why Develop for Android ?

The background is a gradient of deep blue and purple. It is decorated with numerous small white dots, resembling a starry sky. Faint, white, circular patterns are scattered across the image, including concentric circles and arcs with arrows, suggesting a technical or digital theme.

android is **gigantic**

- Over 1B users.
- Over 1.5M activations per day.
- Over 200M smartphones running Android sold annually.
